Policy Affecting CPC-101 Expirations

If an applicant has a plat mylar in our possession and there is a risk that it will not be promoted to Commissioners' Court prior to the expiration of the CPC-101, an Extension of Approval (EOA) must be filed in a timely manner with the City of Houston.

Chapter 42 allows for a single one year extension. Accordingly, if your final plat has not been promoted to Commissioners' Court for approval prior to the expiration of your EOA, you will be notified in writing and your plat will be returned to the City of Houston for further disposition. Should this happen, you will be required to submit a new plat application with the City of Houston.

Requirements of 30§TAC 285

In accordance with the requirements of **30§TAC 285** and the Rules of Harris County, Texas for On-Site Sewage Facilities, an On-Site Sewage Facility (OSSF) Subdivision Planning Report is required prior to approval of plats not located within a known service area for public sewer services.

Please refer to **OSSF Subdivision Planning Report** for more information.
