Community Services - 289	JFMKAENLGN81	CDBG-DR Hurricane Harvey Round One Non-Housing Funding '17 (11)
Funding Source: U.S. Department of Housing & Urban Development: CFDA# 14.228	Grant Agency: Texas General Land Office (GLO)	
Program Year: 1 st	Program Ending:	
Grant Begin Date: 08/02/2022	Grant End Date: 09/30/2025	
Grant Org. Key:	If applicable, Prior Year Org. Key: N/A	

Grant Description:

The U.S. Department of Housing and Urban Development has provided Community Development Block Grant Disaster Recovery funds (CDBG-DR) to the Texas General Land Office. This CDBG-DR funding is intended to assist with recovery activities in areas affected by the Presidentially declared disaster DR-4332-TX (Hurricane Harvey). CDBG grantees are responsible for assuring that all projects meet 1 of 3 national objectives: 1) benefits low and moderate income persons, 2) aids in prevention of slums or blight, or 3) meets an urgent need.

	Total Budget	Grant Funded	County Funded
Salary & Benefits	\$60,000.00	\$60,000.00	\$0.00
Non-Labor	\$818,592.00	\$818,592.00	\$0.00

Grant Discussion:

The Community Services Department is applying for CDBG-DR funds that were made available in response to the Presidentially declared disaster DR-4332-TX (Hurricane Harvey). This is the 11th concurrent application for Harris County to address various areas of the County subject to repeated flooding under this program. Grant funds would be used to support services for the Generation Park Micro Transit Services that will serve 800 low income passengers with destinations to either Lone Star College or the Disaster Recovery/Demonstration Routes. There is no local match requirement.

STATE OF TEXAS §
 §
 COUNTY OF HARRIS §

The Commissioners Court of Harris County, Texas, convened at a meeting of said Court at the Harris County Administration Building in the City of Houston, Texas, on the _____ day of _____, 2022, with the following members present, to-wit:

Lina Hidalgo	County Judge
Rodney Ellis	Commissioner, Precinct 1
Adrian Garcia	Commissioner, Precinct 2
Tom S. Ramsey, P.E.	Commissioner, Precinct 3
R. Jack Cagle	Commissioner, Precinct 4

and the following members absent, to-wit: _____, constituting a quorum, when among other business, the following was transacted:

**APPROVAL OF THE HARRIS COUNTY INFRASTRUCTURE PROJECT APPLICATION
 NO. 11 FOR 2017 HURRICANE HARVEY TEXAS COMMUNITY DEVELOPMENT BLOCK
 GRANT DISASTER RECOVERY (TXCDBG-DR) ROUND ONE FUNDING TO BE
 SUBMITTED TO THE TEXAS GENERAL LAND OFFICE.**

Commissioner _____ introduced an order and made a motion that the same be adopted. Commissioner _____ seconded the motion for adoption of the order. The motion, carrying with it the adoption of the order, prevailed by the following vote:

	Yes	No	Abstain
Judge Hidalgo	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Comm. Ellis	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Comm. Garcia	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Comm. Ramsey	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Comm. Cagle	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

The County Judge thereupon announced that the motion had duly and lawfully carried and that the order had been duly and lawfully adopted. The order thus adopted follows:

RECITALS:

WHEREAS, On August 25 Hurricane Harvey made landfall as a Category 4 hurricane and over the next four days dropped as much as 60 inches of rain along the Gulf Coast including Harris County. The event resulted in a Presidentially Declared Disaster; and

WHEREAS, The U.S. Department of Housing and Urban Development (HUD) has allocated \$5.024 billion in Community Development Block Grant Disaster Recovery (CDBG-DR) funds to the state of Texas in response to Hurricane Harvey, DR-4332, through the publication of the Federal Register, Vol. 83, No. 28, Friday, February 9, 2018; and

WHEREAS, In the State of Texas Action Plan submitted to U.S. HUD on May 8, 2018 by the Texas General Land Office (GLO), the State made a direct allocation of \$1,115,386,830 in Community Development Block Grant Disaster Recovery (CDBG-DR) funding to Harris County; and

WHEREAS, The GLO on May 9, 2018 notified Harris County to complete a Supplemental Action Plan, for Hurricane Harvey Round 1 CDBG-DR funding, which will be amended into the State's Action Plan; and

WHEREAS, in accordance with GLO requirements, on July 10, 2018 the Harris County Commissioner Court approved the Harris County Supplemental Action Plan and resolved to submit the plan to the GLO; and

WHEREAS, in accordance with GLO requirements, on October 23, 2018 the Harris County Commissioner Court approved the Harris County Method of Distribution (MOD) and GLO has approved the MOD; and

WHEREAS, on December 18, 2018 the Harris County Commissioners Court approved the Harris County 2017 CDBG-DR Round One Infrastructure Project Application No. 1, on March 12, 2019 it approved Infrastructure Project Application No. 2, on March 26, 2019 it approved Infrastructure Project Application No. 3, and on July 9, 2019 it approved Infrastructure Project Application No. 4; and on February 11, 2020 it approved Infrastructure Project Application No. 5; and on April 7, 2020 it approved Infrastructure Application No. 6; and on June 9, 2020 it approved Infrastructure Application No. 7; and on June 30, 2020 it approved Infrastructure Project Application No. 8; and on September 15, 2020 is approved Infrastructure Project Application No. 9; and

WHEREAS, on May 14, 2020 the City of Humble notified Harris County it would not proceed with the previously approved Police Storage and Training Center and Senior Center Rehabilitation projects utilizing Method of Distribution funds allocated to it and subsequently on June 18, 2020 stated it would not develop replacement projects to use the available CDBG-DR funds; and

WHEREAS, on March 22, 2022 the Harris County Commissioners Court approved the Harris County 2017 CDBG-DR Round One Infrastructure Project Application No. 10; and

WHEREAS, to access the 2017 Hurricane Harvey CDBG-DR Round One Infrastructure funding allocated to the county, Harris County Community Services Department is seeking approval to submit an Infrastructure Project Application No. 11 to GLO detailing the following additional proposed infrastructure (non-housing) project as described in the Harris County Supplemental Action Plan.

- Harris County Community Services Transit – Generation Park Micro Transit Services

NOW, THEREFORE, BE IT ORDERED BY THE COMMISSIONERS COURT OF HARRIS COUNTY, TEXAS THAT:

Section 1: The recitals set forth in this order are true and correct.

Section 2: The Executive Director of the Harris County Community Services Department or her designee is authorized to submit the 2017 CDBG-DR Round One Infrastructure

Project Application No. 11 and perform needed revisions or amendments to the application as requested by the GLO.

Attachment: Project Summary Infrastructure Application No. 11

Table 1: Projects and CDBG-DR Amount Requested

Organization	Project Name	Precinct	Amount Requested
Harris County Community Services Department	Generation Park Micro Transit Services	2	\$878,592.00
Total			\$878,592.00

Table 2: 2017 CDBG-DR Infrastructure Application Log

Submission	Date Approved by Court	Application Amount	Project Delivery Included in Application
Application No. 1	December 18, 2018	*\$ 71,481,939	\$ 4,562,676.96
Application No. 2	March 12, 2019	\$ 39,997,328	\$ 2,553,020.94
Application No. 3	March 26, 2019	\$ 63,809,916	\$ 4,072,973.36
Application No. 4	July 9, 2019	\$ 29,044,428	\$ 1,853,899.66
Application No. 5	February 11, 2020	\$ 2,672,513	\$ 170,585.60
Application No. 6	April 7, 2020	\$ 8,500,000	\$ 526,553.20
Application No. 7	June 9, 2020	\$ 3,183,094	\$ 187,175.87
Application No. 8	June 30, 2020	\$ 4,000,000	\$ 247,319.15
Application No. 9	September 15, 2020	#\$ 1,792,863	\$ 114,438.06
Application No. 10	March 22, 2022		
	Total	\$224,482,081	\$14,288,642.80

* Note: Application No. 1 included planning funding (which is funded from a 5% set-aside and is not included under Infrastructure) of \$55,769,342.

#Note: Application No. 9 is the re-allocation of Method of Distribution funding originally allocated to the City of Humble in Application No. 4. The City of Humble will not proceed with the previously approved Police Storage and Training Center and Senior Center Rehabilitation projects and could not develop replacement projects for the available 2017 CDBG-DR Infrastructure funding.

DR-4332 - 2017

Disaster Declaration Number(s) and Year

APPLICATION FOR FEDERAL ASSISTANCE SF-424

Each applicant for Community Development Block Grant Disaster Recovery (CDBG-DR) funding must certify by signing Form SF-424 that local certifications governing this funding have been followed in the preparation of any CDBG-DR program application, and, if funded, will continue to be followed. (Note: False certification can result in legal action against the jurisdiction).

Further, by signing the SF-424 and submitting with the application, the signee authorizes the state or any of its duly authorized representatives to verify the information contained therein. Title 18, Section 1001 of the U.S. code states that a person is guilty of a FELONY for knowingly and willingly making false statements to any department of the United States Government.

All applications must be accompanied by a completed and signed Application for Federal Assistance SF-424, OMB Number: 4040-0004, Expiration Date: 10/31/2019. SF424_2_1-V2.1

This form is available on the GLO-CDR website with detailed instructions available in the CDR Application Guide.
<http://recovery.texas.gov/files/resources/housing/s2-form424.pdf> or www.recovery.texas.gov

INTRODUCTION AND INSTRUCTIONS

INTRODUCTION: This application is for Hurricane Harvey CDBG-DR Infrastructure funding. It is created to be used for infrastructure activities needed to fulfill an unmet need resulting from the Hurricane Harvey disaster declaration.

To be eligible for funding, all activities must have documented proof of an impact by the DR-4332 disaster declarations of 2017 and allowed under the State of Texas Action Plan for Disaster Recovery. CDBG-DR funds must be used for disaster-related expenses in the most impacted and distressed areas. An activity underway prior to a Presidential disaster declaration will not qualify unless the disaster impacted the project.

Once disaster-related impact to infrastructure, housing, and economic revitalization in the HUD and State identified most impacted and distressed areas has been established and assessed, Applicants are required to provide sufficient detail about each proposed project to identify the National Objective, the population that will receive benefit, the estimated costs and materials needed, the projected schedule to completion, any potential environmental impact, and other details specific to the type of project involved. Please be thorough in completing this application to ensure prompt review.

Applicants are encouraged to develop these recovery projects in a manner that considers an integrated approach to housing, fair housing obligations, economic revitalization, and overall community recovery. The Applicant must document how the proposed project (s) will address long-term recovery and community resilience.

INSTRUCTIONS:

1. Complete and sign the SF-424 as indicated above.
2. Complete this Infrastructure application. Be thorough to ensure prompt review.
3. **AUDIT:** If applicable, provide the most recent Single Audit in accordance with 2 CFR Part 200, Subchapter F. Texas General Land Office (GLO) - Community Development and Revitalization (CDR) Staff will review single audit requirements for applicable recipients, who have open contracts with GLO.
4. **ANNUAL FINANCIAL STATEMENTS:** Provide the most recent financial statement prepared in accordance with 2 CFR 200.510. Include a schedule of expenditures and schedule of findings and questioned costs.
5. **KEY STAFF:** Provide the names and contact information for staff that will provide local oversight of the application, the potential contract, and all applicable requirements.
6. Provide **LOCAL PROCUREMENT POLICIES AND PROCEDURES** along with other required documentation.

Submit completed application and all required documentation via email to: cdr@recovery.texas.gov

DISASTER IMPACT

The proposed project is presumed to have threatened human life, health and safety or posed an imminent threat to human life, health, and/or safety as a result of the declared disaster.

Yes No

1. Damages to the proposed project were unanticipated and beyond the control of the local government.

☒ ☐

2. The date this situation addressed in this application first occurred:

8/25/2017

3. Describe the impact of taking no action to repair the damaged facilities:

Failure to take any action will result in communities, neighborhoods and individual households lacking access to community facilities and services that were previously provided. Failure to act to improve damaged and inadequate drainage systems leaves damaged homes, streets and drainage infrastructure just as vulnerable, if not more so due to Harvey's impacts, to future flooding events.

CITIZEN PARTICIPATION PLAN

"To permit a more streamlined process, and ensure disaster recovery grants are awarded in a timely manner, provisions of 42 U.S.C. 5304(a)(2) and (3), 42 U.S.C. 12707, 24 CFR 570.486, 24 CFR 1003.604, and 24 CFR 91.115(b) and (c), with respect to citizen participation requirements, are waived and replaced by the requirements for reasonable opportunity (at least 30 days) for citizen comment and ongoing citizen access to information about the use of grant funds."

Yes No

Did the applicant provide a reasonable opportunity (at least 30 days) for citizen comment?

☒ ☐

List all opportunities citizens were given to participate in the determination of these needs. Click the "+" to add events, "X" to remove events.

Opportunity:	Community Meeting	From:	5/24/2018	To:	5/24/2018

Date of resolution authorizing application submission:

12/18/2018

Comments:

COMMUNITY NEEDS ASSESSMENT**DESCRIPTION OF THE DAMAGE**

In this section, provide information about how the declared disaster impacted the community and the overall plan for recovery and resiliency. Descriptions should identify the specific disaster (date and duration), describe how the disaster threatened health and safety in the community, the facilities that were damaged, the current condition of those facilities, and detail of how the specific project will resolve the issue and ensure a more safe and resilient community.

All activities must show documented proof of impact by the declared disaster. CDBG-DR funds must only be used for disaster-related expenses.

1. Describe the current condition of the facilities. Describe any actions taken on the proposed project(s) to address the damage.

Flood and Drainage Facilities Improvements - Current drainage systems have damage and inadequate capacity to properly convey heavy rainfalls out of subdivisions and/or neighborhoods. Current detention basin capacity is inadequate or non-existent in some areas and the proposed channel/basin improvements will increase system capacity, improve flow and detain additional storm water flows.

Sewer Facilities - Facilities are operating with temporary repairs/improvements but need long-term and permanent improvements to repair damage, address failure to function items and create more resilient facilities. Proposed improvements will increase sewer facility/system capacity, reduce the risk of uncontrolled releases and create more resilient systems during future flooding events.

Public Facilities - The Bear Creek Community Center is located within the Addicks Reservoir and was flooded during Hurricane Harvey. The facility has not been operational since the flooding event. Assessment of damage was done but it was determined the site is too vulnerable to future flooding events for repair. Many public facilities throughout the county experienced water intrusion and flooding during Harvey and the new buildings and site improvements will create more resilient structures to serve the community and improve the quality and availability of services to residents during future storm/flooding events. This will ensure services can be provided even when flooding restricts access to some areas.

2. List and attach documentation of the specific disaster condition. Provide photos (dated with specific location detail enough to identify the proposed project site(s)), maps, national weather information, FEMA project worksheets, news reports, local declarations, Disaster Summary Outlines (DSO), and any other relevant documentation to provide evidence of the specific damage(s) to the proposed project(s) addressed in this application. For any photos included, provide a map identifying each photo location by number.

Items attached:

- Harris County Commissioners Court Approval to Apply for 2017 CDBG-DR Infrastructure Project Funding
- Infrastructure Application Citizen Participation and Public Hearing Documentation
- Harris County Needs Assessment for Hurricane Harvey (excerpt)
- Harris County Flood Control Memo - Immediate Report-Final Hurricane Harvey - Storm and Flood Information
- Project LMISD Beneficiary with Census Geographic Areas, Gender, Race and Ethnicity Table
- Harris County State Senator, State Representative and U.S. Congressional Districts
- FEMA Community Status Book Report - Texas Communities Participating in NFIP (Harris County excerpt)
- Pictures and/or maps of damage/flooding conditions or flooded homes for each project
- FEMA and Insurance Coverage/Claim Information for Applicable Projects

3. Describe the specific disaster-related impact to infrastructure, housing, and economic revitalization in the HUD and State identified most impacted and distressed areas (include date and duration), the facilities involved, and the threat that was posed to public health and safety:

Hurricane Harvey (August 25, 2018) caused severe and extreme flooding to homes, business, and community facilities. Many of these homes have experienced repetitive flooding in past disasters and heavy rain events. The slow moving storm dumped a total of 1 trillion gallons of rain across Harris County over a 4-day period. The Harris County Flood Control District (HCFCD) estimated 70 percent of Harris County was flooded by at least 1.5 feet of water, with an estimated 154,170 flooded structures in the county alone. Over 45 percent of those structures were outside the 100- and 500- year

HOUSING NEEDS ASSESSMENT

Any locality receiving CDBG-DR infrastructure funds must identify and assess their housing needs as part of their recovery plan and indicate how their housing needs are addressed with the proposed infrastructure project. Provide the following information regarding the housing needs assessment.

1. Describe the jurisdiction's current supply of housing units available at affordable rents (Public Housing, Section 8 assisted, Rural Housing Service (RHS) assisted, HOME program assisted, Texas Department of Housing and Community Affairs assisted, Local Housing Development Corp. assisted, etc.).

The Kinder Institute reports that the county has roughly 90,000 subsidized rate units. Harris County has 29,500 Section 8 vouchers from HHA and HCHA and 4,153 LIHTC units within its service area. The area has 12 project based subsidized multi-family complexes with over 1,200 affordable units. The county's Community Services Department provided 119 homeownership opportunities via its Downpayment Assistance Program to low-income households over the last 3 years. Between 2015 and 2017, there was a 16% decline in inventory of affordable housing units for sale that met the Downpayment Assistance Program's qualification including maximum house price, age, and other criteria. This decline has made it more difficult for low-to-moderate income homebuyers to find affordable housing.

2. Describe past efforts to increase the supply of affordable housing.

The county's Community Services Department provided 119 homeownership opportunities via its Downpayment Assistance Program to low-income households and provided housing rehabilitation to 106 households over the last 3 years. Harris County Public Health has performed 66 lead based paint abatements to low-income units during the same period. The county also provided rental assistance to 680 households.

3. Describe efforts planned that will increase the supply of affordable housing.

The county will continue to offer its downpayment assistance program serving an estimated 50 low income households and housing rehab program serving 30 low income households. It is expected that four multi-family apartment complexes (new) will complete construction and provide approximately 550 affordable units and 127 affordable units will be renovated.

4. Describe any instances, within the past 5 years, where the applicant has applied for affordable housing funds and did not receive the funding.

The county applied in 2015 to the Texas Veterans Commission for rental assistance funding but was not awarded.

5. Describe any instances, within the past 5 years, where the applicant has not accepted funds for affordable housing.

None

6. Describe any current and/or future planned compliance codes to mitigate hazard risks.

As a county, Harris County has limited authority to adopt and enforce codes per State Statutes. The county does enforce compliance codes for building in floodplains, drainage standards, and participates in the FEMA Community Rating System (CRS) which promotes initiatives above minimum standards. The Fire Marshal also enforces codes and has inspection authority with Fire Standards.

AFFIRMATIVELY FURTHERING FAIR HOUSING

Any locality receiving CDBG-DR funds must certify that it will affirmatively further fair housing. Using the drop-down box below, identify the activities already achieved to affirmatively further fair housing, and those new activities to be undertaken if an award is made by CDBG-DR and when that activity will be complete. Localities should be aware that, in the event of funding, these fair housing efforts will be monitored. Other activities may be eligible, and the applicant may contact GLO-CDR to determine eligibility.

What methods and criteria were used to prioritize the projects in the application, including affirmatively furthering fair housing?

During citizen outreach (meetings and surveys), residents identified as high housing priorities: housing repair/elevation and housing buyout. Under non-housing, drainage improvements and improving community facilities/infrastructure were priority. In an interest form solicited at meetings, on social media, and community fairs, over 300 households have requested home repair assistance. HC Flood Control District has over 1,200 households who have applied for housing buyout in the county.

LIST OF UNMET NEEDS

Taking into consideration the disaster-related impact to infrastructure, housing, and economic revitalization in the HUD and State identified most impacted and distressed areas described, citizen participation responses, and the assessment of housing and affirmatively furthering fair housing, provide a list (in priority order) of all the disaster-related needs still unmet from Hurricane Harvey.

According to the Harris County Needs Assessment for Hurricane Harvey, Infrastructure Unmet Need is the highest priority with approximately \$7.5 billion in remaining unmet need.

According to the Harris County Needs Assessment for Hurricane Harvey, Housing Unmet Need for Owners is the next highest priority with approximately \$895 million in remaining unmet need for the county's LMI population.

According to the Harris County Needs Assessment for Hurricane Harvey, Housing Unmet Need for Renters is the third highest priority with over \$500 million in remaining unmet need for the county's LMI population.

LONG-TERM PLANNING

Applicants must develop their community recovery projects in a manner that considers an integrated approach to housing, fair housing obligations, infrastructure, economic revitalization, and overall community recovery. Consideration of long-term planning processes is also highly encouraged. Disaster recovery presents communities with unique opportunities to examine a wide range of issues including (1) housing quality and availability, (2) road and rail networks, (3) environmental issues, (4) the adequacy of existing infrastructure, (5) opportunities for the modernization of public facilities and the built environment, (6) the development of regional and integrated systems, and (7) the stimulation of the local economy impacted by the disaster.

Applicants must provide a brief description of how the project addressed in this application form part of an integrated approach to recovery.

1. Considering the local post-disaster evaluation of hazard risks, responsible flood plain management, future extreme weather/natural disaster events, and long-term risks, describe how the proposed project promotes sustainable long-term recovery.

The proposed projects promote a sustainable long-term recovery by reducing the vulnerability of households to future flooding events through drainage system improvements and by relocating a community center from a highly vulnerable location in a flood reservoir to a safer, less flood-prone location. The non-housing/infrastructure funding will also correct damage and/or failure to function of critical infrastructure such as neighborhood drainage systems, improve flooded roadway systems as part of drainage improvements and relocate/elevate community assets out of the 100-year floodplain in the area for the long-term protection to housing and businesses. These projects are part of a long term improvement project for the low-to-moderate income and or minority neighborhoods benefitting from the proposed

2. Describe how the proposed project coordinates with local and regional planning efforts to ensure consistency with and promote community-level and/or regional post-disaster recovery and mitigation planning.

Harris County and the Harris County Flood Control District coordinate to improve the county and region's drainage through improving capacity and working to reduce the risk of flooding to neighborhoods and households. The proposed drainage improvements are proposed in consultation with Flood Control and Harris County Engineering to compliment current bond backed drainage improvements. The County and Flood Control also partner to perform buyouts and floodplain management activities county-wide. The removal and reconstruction of the Bear Creek Community Center from the floodplain will provide a safer location mitigating current risks and provide additional floodplain area in the reservoir.

3. Describe how the proposed project integrates mitigation measures into rebuilding activities and achieves objectives outlined in community-level and/or regional post-disaster recovery and mitigation planning to reduce future risk.

Harris County, Harris County Engineering Department and the Harris County Flood Control District coordinate to improve the county and region's drainage through improving capacity and working to reduce the risk of flooding to neighborhoods and individual households. The proposed drainage improvements will decrease the risk of flooding from less severe rain/flood events than Hurricane Harvey that overwhelm existing drainage systems. The removal and reconstruction of the Bear Creek Community Center from the floodplain will provide a safer location mitigating current risks and provide additional floodplain area in the reservoir.

4. Describe the cost and benefit analysis used in the selection of the proposed project and how they inform community-level and/or regional post-disaster recovery and mitigation planning.

Harris County in consultation with Harris County Engineering, the Harris County Flood Control District and feedback received from residents and stakeholders in the community think the proposed project costs are acceptable compared to the benefit to thousands of county residents. Project selection was constrained by the available funding for each precinct from Harris County's portion as detailed in the Texas GLO approved 2017 CDBG-DR Hurricane Harvey Round One Method of Distribution, the need to benefit areas that experienced damage from Hurricane Harvey and provide the majority of benefit to areas classified as majority low-to-moderate income.

5. Describe how the proposed project will avoid disproportionate impact on vulnerable populations and create opportunities to address economic inequities facing the local community.

The majority of the proposed projects are benefiting low-to-moderate income persons and areas of higher minority concentration in Harris County. The proposed projects will serve to reduce inequities by reducing the potential for future flooding damage to homes, reducing the impacts to individual resident's finances, the need for higher insurance premiums and increased taxes for recovery efforts. Proposed projects will also reduce future flood disaster related costs and longer-term economic impacts from flooding to communities in the proposed projects benefit areas.

6. Describe how the proposed project aligns with investments from other state or local capital improvements and infrastructure development efforts. Identify sources and amounts of additional infrastructure funding (state and local capital improvements projects and/or private investments.) NOTE: This information will be required again in the "Other Funding" section of this application.

The proposed drainage improvements align with local projects supported by Harris County Precincts, Harris County Engineering and long-term flood control improvements administered by the Harris County Flood Control District utilizing voter approved bond funding. The proposed relocation of the Bear Creek Park Community Center will utilize FEMA and insurance proceeds as part of the project to relocate to a less vulnerable location outside the Addicks Reservoir. The project and other funding aligns with the Precinct Three's desire to remove the building from the reservoir and reduce costs associated with repetitive flooding and lack of access during flood events.

7. Describe how the proposed project will employ adaptable and reliable technologies to guard against premature obsolescence.

The proposed drainage improvement projects will utilize current engineering standards and hydrologic studies/analysis methods to determine the most appropriate level of service attainable with available funding. Projects will utilize sophisticated computer models to allow the evaluation of multiple scenarios and variables related to future rainfall events and possible flooding that may impact the service area. This data has been incorporated into the projects scope including sizing of materials/outcomes (ditches, culverts, pipes) and/or basins to achieve the selected level of improved service and mitigation of risk.

The proposed relocation and reconstruction of the community facility will utilize modern design and construction techniques to incorporate current and future technological needs and building standards that include but are not limited to: accessibility features, fire protection, energy efficiency and resilience to possible future storm events. The facility will also comply with the most recent applicable building codes that will result in a more resilient building and be located outside a currently mapped flood zone in the Addicks Reservoir.

8. Describe the applicant's overall recovery plan and how the project addressed in this application further that plan. Include information about how the project will specifically address the long-term recovery and restoration of housing in the most impacted and distressed areas. Also, include how the community will be more resilient against future disasters as a result of these projects.

Harris County sustained significant damage from Hurricane Harvey that caused devastating flooding. As a result, this event was a Presidentially Declared Disaster in Harris County. The county has developed a Supplemental Action Plan (SAP) as well as a Needs Assessment to assist in its planning. These are available on the HCCSD website at www.harrisrecovery.org. The SAP was reviewed and approved by the Texas GLO and the U.S. Department of Housing and Urban Development while the Needs Assessment has also been reviewed and approved by the Texas GLO. Due to the limited amount of CDBG-DR funding available to the overall \$12 billion in unmet need, the county encourages a focus on key systems, which will have an affect to correct damage, alleviate future disasters, particularly flooding, and/or increases public safety and mitigation. Under the housing category, HCCSD will seek to repair damaged housing in the county thus improving the housing stock of owners and renters, particularly in low to moderate income neighborhoods. The Harris County Buyout program will leverage CDBG-DR funding with its existing Hazard Mitigation grant programs to work with the county to buyout repetitively flooded housing, particularly low to moderate income homeowners. As the county's affordable housing supply was at critically low amounts before Harvey, the county will preserve existing housing and expand with new construction of owner and renter units. To protect its housing investment and reduce flood risks of residents, the County, coordinating with the Flood Control District, will seek to improve drainage systems. The non-housing/infrastructure funding will also correct damage and/or failure to function of critical infrastructure such as neighborhood drainage, improve flooded roadways systems and relocate/elevate community assets out of the 100-year floodplain in the area for the long-term protection to housing and businesses. These projects are a part of a long term improvement project for these low-to-moderate income and/or minority neighborhoods within the County's disaster service area.

PROCUREMENT INFORMATION

All applicants are required to follow the procurement process guidelines set forth in 2 CFR §200.318-§200.326 for grant administration, environmental, and engineering services if using CDBG-DR funds to pay third-party vendors for those services.

Along with this application, applicants must provide a copy of local procurement policies and procedures.

1. Has the applicant chosen to use a third-party administrator to administer the proposed project? Yes ☐ No ☒

If Yes, will the vendor also provide environmental services? Yes ☐ No ☒

If Yes to either question, and the vendor has been procured, provide the vendor's name, phone, and email.

If Yes, but the vendor has not been procured, adhere to 2 CFR §200.318-§200.326 regulations in the procurement process with each application.

Company Name

Contact Name Phone

Email

2. Has the applicant chosen to use a third-party environmental services provider to ensure environmental compliance for the proposed project? Yes ☐ No ☒

If Yes, and the vendor has been procured, provide the vendor's name, phone, and email.

If Yes, but the vendor has not been procured, adhere to 2 CFR §200.318-§200.326 regulations in the procurement process with each application.

Company Name

Contact Name Phone

Email

3. Has the applicant chosen to use a third-party engineer to perform engineering services for the proposed project?

Yes No

☐ ☒

If Yes, and the vendor has been procured, provide the vendor's name, phone, and email.

If Yes, but the vendor has not been procured, adhere to 2 CFR §200.318-§200.326 regulations in the procurement process with each application.

FUNDING INFORMATION

NOTICE: Any and all funds expended toward a CDBG-DR award are subject to ALL rules and regulations governing the award.

FEMA Coverage

Any and all FEMA funds received for benefit of any project proposed in this application must be fully disclosed and detailed to ensure the best cross-agency coordination and that duplication of benefit does not occur.

1. Was FEMA contacted regarding the proposed project's eligibility?

Yes No

If yes, provide all relevant FEMA project worksheets, FEMA project type, and evidence of funds committed/received/expended on the proposed project. Also, explain why funds are needed above and beyond the FEMA funding. Any project that sustained direct damage must have applied for FEMA Public Assistance.

☐ ☒

2. Is this project a proposed FEMA funding match?

Yes No

If Yes, include information in the specific Project Detail section and in the Budget Table on Table 1.

☐ ☒

Insurance Coverage

Any and all insurance proceeds received for benefit of any project proposed in this application must be fully disclosed and detailed to ensure that funds are used most efficiently and that duplication of benefit does not occur.

1. Did the applicant have insurance coverage on the proposed project?

Yes No

If yes, provide the information below. (If more than one insurance company/claim, include here or attach additional information.)

☐ ☒

Insurance company:

Amount claimed/received for the project:

2. If the applicant had insurance coverage, but a claim was not filed, explain below.

Other Funding

Any and all funds identified for use on any project proposed in this application must be fully disclosed and detailed to ensure accuracy in the budget and that a duplication of benefit does not occur. Make sure information is complete and matches the Long-Term Planning information provided.

1. Are local or other funds available to address the proposed project in whole or in part?

Yes No

If Yes, report all sources of funding and the amount available. (If additional space is needed, attach pages.)

☐ ☒

2. Disclose source(s) and use(s) of non-CDBG-DR funds. Use "+" to add additional sources. Use "x" to remove that line.

Source of Funds	Amount	Use of Funds

x

3. What other state and/or federal agencies has the applicant contacted concerning funding for the proposed project, and what were the results?

None

Financial Interest

Yes No

1. Are there any persons/entities with a reportable financial interest to disclose?

☐ ☒

Submit a complete FINANCIAL INTEREST REPORT (A503 form) with this application for each person/entity with a reportable financial interest. Include as appropriate for Grant Administration, Environmental, and/or Engineering. This form can be found at www.recovery.texas.gov or <http://recovery.texas.gov/files/resources/housing/s2-financial-interest-report.pdf>

PROJECT DETAIL**PROJECT DETAIL must be completed for every proposed project.**

A *project* is defined as a discrete combination of: entity (i.e., city or county), activity (i.e., water, sewer, etc.), beneficiary population, and national objective. A *site* is defined as a discrete location for activities within a project. A project can have one or more sites. For example, one water project that consists of three generators throughout a city consists of three sites, one for each generator.

Each Project Detail must provide sufficient information to clearly identify the proposed project, define the location, indicate whether acquisition (i.e. real property, easements or rights-of-way) is required, clearly describe the scope of work, specify the populations who will receive benefit from the project, identify environmental assessment information, and outline funding detail to include any non-CDBG-DR funds to be used.

1. Select the type of project proposed:

Public Services (limit: 15% of request)

2. Provide a title for the proposed project.

NOTE: For the title, the spelling and capitalization of the project title and any associated site number(s) identified in the application must be consistently used throughout the application to ensure clear identification of each project and site number. e.g., a project title of "Green Acres, Site 3" here should appear as "Green Acres, Site 3" at every other reference in this application. A reference to some other title such as "green acres subdivision" or "#3 Green Street" elsewhere in the application could cause delays in the eligibility review process.

Project Title: Generation Park on Demand Service

3. Provide a physical address and the approximate GPS coordinates (in decimal degrees) for each proposed site along with project and beneficiary maps.

If the proposed project includes only one site, include the physical address and the GPS coordinates (in decimal degrees) for the site.

If the proposed project does not have a physical address, provide a site description.

If the proposed project includes more than one site, start with Site #1 from the drop-down list and use the + button to add additional sites.

Use sequential numbering for additional sites.

For proposed work involving a length of road, ditch, channel, etc., use the approximate midpoint coordinates for latitude and longitude, but identify the entire length of the proposed work and the assigned site number on the project map. Identify these type of sites in the application by completing the On-From-To fields. For instance, "On Main Street From Sycamore Street To Elm Street."

Attach project/site and beneficiary map(s) as described in the Application Guide.

Use the X button to remove a site as needed.

Site # 1

Physical Address or
Site Description

Generation Park area along Beltway 8 between I-10 and US 59.

From:

Metro Eastex Park and Ride Old Huble Rd

To:

Jim Fonteno Building Wallisville Rd

Latitude

Longitude

Construction Completion Method:

Provide a detailed description of the scope of work proposed. For proposed work involving a length of road, ditch, channel, etc., report the scope of the project in linear feet (lf).

During the late Spring 2021 Harris County proposed a Microtransit demonstration project for the Generation Park service area. Microtransit operates in zones and allows for the passenger to call for same day curb to curb pick up and drop offs or transit can be accessed from anchor points (much like a bus stop only with limited locations). The service allows for transfers between zones as well as connect to both the

existing DR routes, the Eastex METRO facility San Jacinto and Lone Star College campuses. The college connections are extremely important to provide access to education for occupations that will benefit LMI residents.

NATIONAL OBJECTIVES

Choose one National Objective being met and provide justification of the beneficiary identification method used to meet that National Objective.

☐ **1. Activities benefiting low-to-moderate income persons.**

Method(s) used to determine the beneficiaries:

LMI Area Benefit: ☒

LMI Housing Activity: ☐

LMI Limited Clientele: ☐

LMI Jobs: ☒

☐ **2. Prevention/Elimination of Slums or Blighted areas.** ☐ Area Basis ☐ Spot Basis

Has the proposed project area been officially designed as a slum or blighted area?

Yes No

☐ ☒

If yes, what conditions are present in the area to designate and qualify the area as a slum or blighted area?

Describe the boundaries of the slum or blighted area. (Do not use this field to document the Census Tract / Block Group data.)

Enter the percentage of deteriorated buildings/properties in the area at the time it was designated a slum or blighted area. [Enter value as a decimal number. Example: .2526 = 25.26%]

If the activity qualifies for CDBG-DR assistance on the basis that public improvements throughout the area are in a general state of deterioration, enter a description of each type of improvement in the area and its condition at the time the area was designated a slum or blighted area.

Enter the year the area was designated as a slum or blighted area. If the period during which such designations are valid has lapsed, the applicant entity must re-evaluate and re-designate the area.

☐ **3. Urgent Need**

Do the existing conditions pose a serious and immediate threat to the health or welfare of the community?

Yes No

☒ ☐

Were the existing conditions officially identified by the applicant as being of urgent need within 18 months of the 2016 event? If yes, provide that documentation.

Yes No

☒ ☐

Is the applicant able to finance the project on their own? Or are other sources of funding available?

Yes No

☐ ☒

Provide justification of the beneficiary identification method used to meet this National Objective:

ACQUISITION/UNIFORM RELOCATION ASSISTANCE

Activities and projects assisted by CDBG-DR are subject to the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601 et seq.) ("URA") and section 104(d) of the HCD Act (42 U.S.C. 5304(d)) (Section 104(d)). The implementing regulations for the URA are at 49 CFR part 24. The regulations for Section 104(d) are at 24 CFR part 42, subpart C.

For the purpose of promoting the availability of decent, safe, and sanitary housing in response to Hurricane Harvey, HUD has waived the following URA and Section 104(d) requirements for subrecipients:

- a. One-for-one replacement.
- b. Relocation assistance.
- c. Arm's length voluntary purchase.
- d. Rental assistance to a displaced person.
- e. Tenant-based rental assistance.
- f. Moving expenses.
- g. Optional relocation policies.

Does the project require acquisition of property, purchase of easements, relocation, or any other activity requiring compliance with URA outside the listed waived activities?

Yes No

☐ ☒

If yes, has acquisition of the project site(s) been completed, in progress, or will need to be acquired?

Select acquisition status: ☐ Previously Acquired ☐ Acquisition in Progress ☐ To be Acquired

Describe the type and purpose of all acquisition (easements, real property, etc.) associated with the proposed project. For acquisitions "Previously Acquired" or "Acquisition in Progress," include detailed information and supporting documentation to ensure compliance with all URA, 42 U.S.C. § 4601 et seq. and environmental review processes.

RESIDENTIAL ANTI-DISPLACEMENT AND RELOCATION ASSISTANCE PLAN

By signing this application, the signee certifies that they will establish and maintain a Residential Anti-displacement and Relocation Assistance Plan to minimize direct and indirect displacement of persons from their homes by including the steps noted below. Applicability of items on this checklist is dependent upon the proposed project objectives and related feasibility of each action.

- Coordinate code enforcement with rehabilitation and housing assistance programs
- Evaluate housing codes and rehabilitation standards in reinvestment areas to prevent undue financial burden on established owners and tenants.
- Stage rehabilitation of apartment units to remain in the building/complex during and after rehabilitation, working with empty units first.
- Arrange for facilities to house persons who must be relocated temporarily during rehabilitation.
- Adopt policies to identify and mitigate displacement resulting from intensive public investment in neighborhoods.
- Adopt policies which provide protections for tenants faced with conversion to condominium or cooperative.
- Adopt tax assessment policies, such as deferred tax payment plans, to reduce impact of increasing property tax assessments on lower income owner-occupants or tenants in revitalization areas.
- Establish counseling centers to provide homeowners and tenants with information on assistance available to help them remain in their neighborhood.
- Where feasible, give priority to rehabilitation of housing, as opposed to demolition, to avoid displacement.
- If feasible, demolish or convert only dwelling units that are not occupied or vacant occupiable "dwelling units" (as defined in 24 CFR 42.305).
- Target only those properties deemed essential to the need or success of the project.

PERMITS AND ADDITIONAL PROJECT INFORMATION

1. Does the project require any Federal, State, or other permits, approvals, or waivers to complete the proposed work? (i.e. Texas Department of Transportation, Texas Commission on Environmental Quality, U.S. Army Corps of Engineers, etc.)

Yes No

☐ ☐

If yes, describe the type and purpose of each permit and its association with the proposed project. Provide a copy of each permit already executed.

Permit Type:

Purpose of Permit:

2. Does the project require any type of ratified, legally binding agreement between the applicant and any other entity to provide continual operation upon completion? (i.e. Memoranda of Understanding, Interlocal Agreements, etc.)

Yes No

☐ ☐

If yes, describe the type and purpose of each agreement and its association with the proposed project. Provide a copy of each agreement already executed or drafted.

Agreement Type:

Purpose of Agreement:

3. For sewer and/or water facilities projects, does the applicant currently hold the Certificate of Convenience and Necessity (CCN) for the target area proposed in the application? If not, provide written documentation from the Public Utility Commission of Texas (PUC) verifying the application has been filed.

Yes No N/A
☐ ☐ ☐

ENVIRONMENTAL SPECIFIC INFORMATION

All funded applications MUST comply with federal regulations regarding environmental clearance before funds will be released.

NOTE: An Environmental Exemption form providing clearance for planning and administration activities must be attached.

1. What is the current status of the project? ☒ Not yet begun ☐ In progress ☐ Completed
2. Will the assistance requested have any negative impact(s) or effect(s) on the environment? ☐ YES ☒ NO
3. Is the proposed project likely to require an archaeological assessment? ☐ YES ☒ NO
4. Is the proposed site listed on the National Register of Historic Places? ☐ YES ☒ NO
5. Is the project in a designated flood hazard area or a designated wetland?
If Yes, attach a map showing the FIRM and/or list permitting requirements in "Other Project Approvals Required" below. ☒ YES ☐ NO
6. Is the applicant participating in the National Flood Insurance Program? ☒ YES ☐ NO
7. Is any project site located in a known critical habitat for endangered species? ☐ YES ☒ NO
8. Is any project site a known hazardous site? ☐ YES ☒ NO
9. Is any project site located on federal lands or at a federal installation? ☐ YES ☒ NO
10. Is any project site subject to or participating in Fixing America's Surface Transportation Action (FAST-41) (P.L. 114-94)? ☒ NO ☐ YES

11. What level of environmental review is likely needed for this project/site?

Environmental Assessment

Provide any additional detail or information relevant to Environmental Review:

Planning Activities and Project Delivery are exempt activities.

TABLE 1 - CONTRACT BUDGET AND BENEFICIARY IDENTIFICATION

Provide comprehensive budget information to include construction, engineering, acquisition, environmental services, and administrative costs. Also include all other funds (FEMA, insurance, local, etc.) committed to the completion of the proposed projects.

A project is defined as a discrete combination of: entity (i.e., city or county), activity (i.e., water, sewer, etc.), beneficiary population, and national objective. A site is defined as a discrete location for activities within a project. A project can have one or more sites.

BUDGET TABLE:

Project Title:	Total Benes	LMI Benes	LMI %	CDBG-DR Construction	CDBG-DR Engineering	CDBG-DR Acquisition	CDBG-DR Environmental	CDBG-DR Admin	Total CDBG-DR Request	Other Funds	Activity Total

LOCAL CERTIFICATIONS

Every Application must be signed by the authorized signatory. By signing this application, the signee authorizes the state or any of its duly authorized representatives to verify the information contained herein. It should be noted that 18 USC § 1001 states that any person who (1) knowingly or willfully falsifies, conceals, or covers up by any trick, scheme, or device of material fact, (2) makes any materially false, fictitious, or fraudulent statement or representation; or (3) makes or uses any false writing or document knowing the same to contain any materially false fact, fictitious, or fraudulent statement or is a federal offense and punishable under the law. Title 18, Section 1001 of the U.S. code states that a person is guilty of a FELONY for knowingly and willingly makes false statements to any department of the United States Government.

Each application for CDBG Disaster Recovery funding must also be accompanied by a completed and signed Application for Federal Assistance Standard Form 424 (SF-424).

Each applicant must comply with the provisions of the National Environmental Policy Act (NEPA), the Council on Environmental Quality (CEQ) regulations, the requirements set forth in title 24 of the Code of Federal Regulations (CFR) part 58, and applicable GLO-CDR policy directives. All applicable federal and state laws, including environmental, labor (Davis-Bacon), procurement procedures and contract requirements of 2 CFR 200.318 -200.326, and civil rights requirements apply to the use of these funds. Each applicant certifies, in compliance with the requirements presented in Volume 81, Number 224 of the Federal Register effective November 28, 2016, that:

1. It has in effect and is following a residential anti-displacement and relocation assistance plan in connection with any activity assisted with funding under the CDBG-DR program;.
2. It is in compliance with restrictions on lobbying required by 24 CFR part 87, together with disclosure forms, if required by part 87;.
3. It will comply with the acquisition and relocation requirements of the Uniform Act (URA), as amended, and implementing regulations at 49 CFR part 24, except where waivers or alternative requirements are provided for in the Federal Register notice.
4. It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u), and implementing regulations at 24 CFR part 135.
5. It is following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105 Public Participation Plan as it pertains to local government administration of CDBG-DR funds. or 91.115 Public Participation Plan as it pertains to State administration of CDBG-DR funds., as applicable (except as provided for in notices providing waivers and alternative requirements for this grant). Also, each Unit of General Local Government (UGLG) receiving assistance from a state grantee must follow a detailed citizen participation plan that satisfies the requirements of 24 CFR 570.486 (except as provided for in notices providing waivers and alternative requirements for this grant).
 - a) Funds will be used solely for necessary expenses related to disaster relief, long-term recovery, restoration of infrastructure and housing, and economic revitalization in the most impacted and distressed areas for which the President declared a major disaster in 2016 pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act of 1974 (42 U.S.C. 5121 et seq.) related to the consequences of the 2016 flood events.
6. The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601 -3619) and implementing regulations, and that it will affirmatively further fair housing.
7. It has adopted the following policies:
 - a) A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
 - b) A policy of enforcing applicable state and local laws against physically barring entrance to or exit from a facility or location that is the subject of such nonviolent civil rights demonstrations within its jurisdiction.
8. It will not use CDBG-DR funds for any activity in an area identified as flood prone for land use or hazard mitigation planning purposes by the state, local, or tribal government, or delineated as a Special Flood Hazard Area in FEMA's most current flood advisory maps, unless it also ensures that the action is designed or modified to minimize harm to or within the floodplain, in accordance with Executive Order 11988 and 24 CFR part 55. The relevant data source for this provision is the state, local, and tribal government land use regulations and hazard mitigation plans and the latest issued FEMA data or guidance, which includes advisory data (such as Advisory Base Flood Elevations) or preliminary and final Flood Insurance Rate Maps.
9. Its activities concerning lead-based paint will comply with the requirements of 24 CFR part 35, subparts A, B, J, K, and R.
10. It will comply with applicable laws.
11. It will comply with the environmental requirements presented in 24 CFR Part 58.
