Landscape Architect shall complete the services called for by the calendar days and by the deadlines specified in this Agreement, including exhibits and written authorizations.

5. ADDITIONAL AND SPECIAL REQUIREMENTS

- 5.1 Cooperation with Other Service Providers. County may engage the services of other service providers for work related to the work, products, services, licenses and/or deliverables in this Agreement. Landscape Architect shall reasonably cooperate with such other service providers and will not commit or permit any act that may interfere with the performance of work by any other service provider.
- 5.2 Non-Assignability. Unless otherwise authorized in this Agreement, neither party shall assign, in whole or in part, any duty or obligation of performance under this Agreement without the express written permission of the other party, except that the express written permission of HCED shall be considered the permission of County. Such written permission will not be unreasonably withheld, unreasonably conditioned, or unreasonably delayed. However, with notice to HCED, Landscape Architect may assign this Agreement to any affiliate of Landscape Architect that controls, is controlled by, has resulted from a merger with, or is under common control with, Landscape Architect if the assignee is at least as capable and qualified to provide the deliverables contemplated in this Agreement. This provision is not intended to restrict any assignment that is required by Section 9.406 of the Texas Business and Commerce Code.
- 5.3 Independent Contractor/Parties. County expects Landscape Architect to meet the high standards set forth in this Agreement and looks to Landscape Architect for results only. Unless otherwise required by law or regulation, County shall not direct the methods used to obtain those results, and Landscape Architect shall perform the services as an independent contractor under the sole supervision, management, direction, and control of Landscape Architect. As an independent contractor, Landscape Architect will accept directions pertaining to the goals to be attained and the results to be achieved, as applicable, pursuant to this Agreement, but Landscape Architect shall be solely responsible for the manner in which Landscape Architect will perform the services under this Agreement. Any methods that might be discussed in any training sessions given by HCED are not mandatory unless specifically required in writing in this Agreement or by law. Landscape Architect is not obligated to maintain any set, regular hours, nor to perform any set number of hours of service in fulfilling the obligations under this Agreement, unless otherwise specifically set out in this Agreement. This Agreement is not intended to create a joint enterprise, joint venture, business partnership, agency, franchise, or employment relationship, under Texas law. The personnel and staff of Landscape Architect are independent contractors or employees of Landscape Architect and shall not for any purposes be considered employees or agents of County. Landscape Architect assumes full responsibility for the actions of any employees and agents while performing any services incident to this Agreement, and Landscape Architect shall remain solely responsible for the supervision, daily direction, control and payment, if any, of salaries (including withholding of income and social security taxes), workers' compensation or disability benefits and like requirements and obligations.
- 5.4 Employee Retention. Landscape Architect agrees to maintain the organizational and administrative capacity and capabilities to carry out all duties and responsibilities under this Agreement. The personnel Landscape Architect assigns to perform the duties and responsibilities under this Agreement will be properly trained and qualified for the functions they are to perform. Notwithstanding transfer or turnover of personnel, Landscape Architect remains obligated to perform all duties and responsibilities under this Agreement without degradation and in accordance with the terms of this Agreement.

- 5.6 Adverse Actions Reporting. Landscape Architect shall inform HCED, in writing, of any concluded investigation of Landscape Architect (including Landscape Architect's agents, employees, volunteers, and subcontractors, as applicable, providing work, products, services, licenses and/or deliverables under this Agreement) that is conducted by or on behalf of a government entity or other licensing or accreditation entity (including any state board of examiners) and whose outcome included public censure or other public sanction (or any pending investigations, administrative actions, or lawsuits, that relate to the work under this Agreement or that could adversely affect any performance or obligation in this Agreement). If at any time a license of Landscape Architect's agents, employees, volunteers, and subcontractors, as applicable, providing work, products, services, licenses and/or deliverables under this Agreement required to be maintained to fulfill the Commitments in this Agreement is suspended, revoked or is determined to be out of compliance in Texas or any other state, this Agreement may be terminated immediately without prior notice, at the option of HCED, effective the date of the suspension, revocation or non-compliance. Landscape Architect is not entitled to receive payment for services that were performed by Landscape Architect while the required license was suspended or revoked. Landscape Architect agrees to immediately inform HCED, in writing, of any adverse professional review action that is taken by a professional association or society and that is based on the professional competence or professional conduct of Landscape Architect's agents, employees, volunteers, and subcontractors, as applicable, providing work, products, services, licenses and/or deliverables under this Agreement. County may, at its sole option, terminate this Agreement, upon notice of such adverse professional review action.
- 5.7 Subcontracts. Unless otherwise explicitly set out in this Agreement, Landscape Architect shall not enter into any subcontract for the work, products, services, licenses and/or deliverables under this Agreement unless, prior to any written authorization to proceed with work done in part by the subcontractor, Landscape Architect has provided to HCED the qualifications of the subcontractor to perform and meet the standards of this Agreement. Landscape Architect shall comply with all Texas Administrative Code and Texas professional licensing agency requirements for choosing any professionally-licensed subcontractor.
- 5.8 Professional Standards. Where specifically-applicable standards are not explicitly set forth in this Agreement, as someone with expertise in the field, Landscape Architect must provide the work, products, services, licenses and/or deliverables in accordance with generally-accepted standards applicable to Landscape Architect's profession or industry. Landscape Architect and County agree and acknowledge that County is entering into this Agreement in reliance on the Landscape Architect's competence and qualifications, as those were presented to County by Landscape Architect with respect to professional services. Landscape Architect shall at all times utilize the skill and attention to fully, timely, and properly render professional services for the development of the Project to final completion as set out in, or reasonably inferred from, the Scope of Work/Services. This shall be done in a manner utilizing the degree of care ordinarily used by licensed professionals performing similar services on projects of a similar nature and scope within the State of Texas. A professional engineer (who have been assigned by Landscape Architect to manage the Scope of Work and who are licensed to practice in the State of Texas) shall be present and represent Landscape Architect at meetings of any official nature concerning The Project, including, but not limited to, scope meetings, status meetings, pre-bid meetings, any pre-construction meetings and any construction meetings (for construction-related projects) with County staff and/or contractors, unless otherwise set forth in the Scope of Work or approved in writing by HCED. In addition, Landscape Architect shall adhere to all applicable County Landscape Architecture and engineering standards and design criteria.
- 5.9 County Procedures. To effectively perform the services stated above, Landscape Architect must become familiar with various procedures, policies, data collection systems, and other information of County. Landscape Architect shall adhere to all applicable County architectural guidelines, standards, and design

criteria (see <http://www.eng.hctx.net>). HCED will assist Landscape Architect in obtaining the information. Unless otherwise required by law, Landscape Architect agrees to keep any sensitive information confidential and not disclose it to outside parties without first obtaining County's written authorization.

- 5.10 Ownership of Work Product. For the purposes of assigning ownership of Landscape Architect work product, the work performed will be deemed, to the extent authorized by law, to have been done on a works-made-for-hire basis, as that term is understood in copyright law. In the event and to the extent that such works are determined not to constitute works-made-for-hire, Landscape Architect hereby irrevocably assigns and transfers to County all right, title, and interest in such works, including, but not limited to, copyrights. County shall be the absolute and unqualified owner of all completed or partially-completed Landscape Architect work product prepared pursuant to this Professional Services Agreement and shall have the same force and effect as if prepared by County, including mylar reproductions, drawings, preliminary layouts, electronic documents and drawings, record drawings, sketches, plans, cost estimates, inventions, designs, computer input/output information, computer applications, software, firmware, computations, and other documents (including the original electronic file format). Landscape Architect may retain one set of reproducible copies for Landscape Architect's sole use in preparation of studies or reports for County only. Landscape Architect is expressly prohibited from selling, licensing or donating such documents, or using such documents in the preparation of other work for any other client, without the prior express written permission of HCED. Landscape Architect warrants that Landscape Architect's work product will not in any way constitute an infringement or other violation of any copyright, trade secret, trademark, patent, invention, proprietary information, non-disclosure, or any other right of any third party, and Landscape Architect will defend any claim, suit, or proceeding brought against County on the issue of infringement of any copyright by virtue of anything supplied by Landscape Architect to HCED under this Agreement.
- 5.11 Trade Secrets. In connection with the work, products, services, licenses, Scope of Work, and/or deliverables provided under this Agreement, HCED may disclose to Landscape Architect certain documents, data, and/or other information that is proprietary, confidential, or a trade secret (Trade Secrets). Landscape Architect must not divulge or otherwise make unauthorized use of Trade Secrets or other protected information, procedures, or policies of HCED, any former employee, contractor, client, customer, or consultant, in the exercise of duties under this Agreement. Except to the extent authorized by a third party, neither Party shall copy, recreate, or use any proprietary information of a third party in the performance of services under this Agreement.
- 5.12 Nondisclosure and Confidentiality of Information. To the extent permitted by law, Landscape Architect must keep confidential the contents of all discussions with local, state, and federal officials, as well as the contents of all local, state, and federal records and all other information obtained during performance under this Agreement. To fulfill Landscape Architect's obligations under this Agreement, Landscape Architect may be provided access to information, systems, operations, or procedures that are security sensitive or have been identified as confidential. This confidential information may include information from one of the government entity funding sources, such as a Texas or federal agency. Landscape Architect and the person executing this Agreement on behalf of Landscape Architect acknowledge that (a) access to this information (whether electronic, written or oral, formal or informal) is provided solely to Landscape Architect for the purpose of discharging the duties in this Agreement, (b) premature or unauthorized disclosure of this information can irreparably harm the interests of County and may constitute a violation of state and/or federal law, and (c) the information may represent confidential or proprietary information, the release of which may be restricted or prohibited by law. Therefore, Landscape Architect must (1) not access any information without express written authorization of HCED; (2) not copy, recreate, or use any information or document obtained in connection with this Agreement other than for the performance of this Agreement; (3) to the extent permitted by law, keep confidential the contents of all discussions with county, state, and federal officials, as well as the contents of all county, state, and federal records and all other information obtained during performance under this Agreement, unless authorized in writing by appropriate HCED officials; (4) not, except to the extent required by law, or necessary for the performance of this Agreement, release, disclose, reveal, communicate, impart or divulge any information or any summary or synopsis of the information in any manner or any form whatsoever to outside parties without the express written consent of HCED; (5) take all steps necessary to protect confidential information from disclosure to third parties and have a system in effect that must include a method to ensure the confidentiality of

records and other information relating to any person according to applicable federal and state law, rules and regulations; (6) not reproduce, copy, or disseminate such confidential information, except to those who need to know such information and are obligated to maintain its confidentiality, including Landscape Architect's partners, principals, representatives or employees as necessary to fulfill obligations under this Agreement; (7) notify HCED immediately of all requests for confidential information; and (8) immediately report to HCED all unauthorized disclosures or uses of confidential information.

- 5.13 Public Comment and Public Information Act. To the extent permitted by law, all contact with the news media, citizens of County, the State of Texas or other governmental agencies concerning The Project will be the responsibility of HCED. In the event Landscape Architect is subject to the Texas Public Information Act, upon receipt of a written request for any information by Landscape Architect developed in the performance of services under this Agreement, Landscape Architect shall provide written notice to HCED of the request along with a copy of the request, and give HCED the opportunity to respond to the request prior to any release by Landscape Architect. Unless required by law, under no circumstances shall Landscape Architect release any material or information developed in the performance of services under this Agreement without the express prior written permission of HCED.
- 5.14 Applicable Laws. Landscape Architect shall comply (and assure compliance by Landscape Architect's agents, employees, volunteers, and subcontractors, as applicable, providing work, products, services, licenses and/or deliverables under this Agreement) with all applicable state, federal, and local laws, ordinances, regulations, executive orders, rules, directives, standards, guidelines, and instructions relating to the work to be performed. Landscape Architect shall immediately bring to County's attention any conflicts between any applicable state, federal, and local laws, ordinances, regulations, executive orders, rules, directives, standards, guidelines, and instructions relating to the work to be performed. If laws or regulations change and affect any provision of this Agreement, this Agreement shall be deemed amended to conform to those changes in the laws or regulations on the date such laws or regulations become effective. If any such changes (that occur after the effective date of this Agreement and that Landscape Architect should not reasonably have anticipated) require significant changes or additions to the Scope of Work that were not contemplated by the Parties, the Parties shall negotiate in good faith for the purpose of creating reasonable and equitable written modifications to this Agreement.
- 5.15 Records Retention and Management. Landscape Architect shall maintain complete, accurate, and readily accessible records that are necessary to document and support the fulfillment of the obligations in this Agreement, including performance, design, underlying calculations, and financial records, as well as a copy of this Agreement. - 5.16 Authority of Harris County Engineer. The Harris County Engineer ("County Engineer") shall decide any and all questions that may arise as to the interpretation of this Agreement and all questions as to the acceptable fulfillment of this Agreement by Landscape Architect. It is mutually agreed by both Parties that the County Engineer shall act as referee between the Parties in all questions arising under the terms of this Agreement and that the decisions of the County Engineer shall be final and binding alike on all Parties. If agreed to in writing by Landscape Architect and the County Engineer (or designee), Landscape Architect and the County Engineer may make adjustments to the Scope of Work that do not destroy the purposes of this Agreement. In making the aforementioned adjustments to the Scope of Work, Landscape Architect and the County Engineer may adjust any corresponding firm fixed or maximum prices that neither increase the maximum amount of funds that Commissioners Court has authorized to be encumbered nor destroy the purposes of this Agreement. Any of the aforementioned adjustments to the Scope of Work and/or corresponding adjustments to any firm fixed or maximum prices (collectively, "Adjustments") may be reflected by a written Special Amendment to the Scope of Work in this Agreement ("Special Amendment"). Nothing contained in this section shall be construed to authorize the County Engineer to alter, vary, or amend any of the terms or provisions of this Agreement, other than the aforementioned Adjustments. The County Engineer is authorized on behalf of the County to make Adjustments (as defined herein) and execute a corresponding Special Amendment without further action by Commissioners Court. The Harris County

HCED will then forward the approved statement or invoice to the County Auditor for payment. County will pay Landscape Architect the proper amounts due and owing under this Agreement within thirty (30) calendar days of receipt of the approved statement or invoice to extent allowed by law. Each statement or invoice must include a monthly inventory of work, products, services, licenses and/or deliverables provided during the billing period and any other details HCED reasonably requests for verification purposes, which might include:

- (a) The date(s) work, products, services, licenses and/or deliverables were provided;

- 7.6. Overpayments. Within 10 calendar days after request by HCED, Landscape Architect must reimburse to County all funds paid by County to Landscape Architect that any funding entity or auditor determines have been improperly paid to, or expended by, Landscape Architect. County may withhold, suspend, or reduce any and all payments due to Landscape Architect until any overpayments are reimbursed.
- 7.7. Costs of Substitute Services. If Landscape Architect fails to perform any of its obligations under the Agreement and County procures substitute services upon such terms as are appropriate, County shall deduct the reasonable costs for such services from any payments owed to Landscape Architect under this or other agreements. Landscape Architect must reimburse to County, within thirty (30) calendar days after request by County, any additional costs of such substitute services beyond what has already been deducted by County. County may also withhold, suspend, or reduce payments due to Landscape Architect until the costs of such substitute services are reimbursed to County by Landscape Architect. This provision is not intended to waive or preclude any other remedies the parties may otherwise have in law, equity, or elsewhere in this Agreement and is in addition to and not in lieu of any other remedies.
- 7.8. Billing Audits. County and its designee shall have the right to examine and audit all of Landscape Architect's billings/invoices and all of Landscape Architect's backup and support data for billings/invoices for this Agreement. Upon HCED's request, Landscape Architect agrees to make such data and supporting documentation available to the County Auditor or designee in Harris County, Texas. Landscape Architect shall maintain complete and accurate records necessary to fulfill any obligations in this Agreement, including a copy of this Agreement, including detailed time records identifying each person performing services that were billed on an hourly basis, the corresponding dates of the services, the applicable firm fixed price and the percentage completed for specific tasks as specified in this Agreement, any applicable hourly or cost-plus rates, the total amount billed for each person as applicable, and the total amount billed for all persons as applicable. Landscape Architect shall maintain and make available for inspection (electronically or in Harris County during regular business hours) the Records for a minimum of four (4) years following either the end of the federal fiscal year in which any obligations were performed under this Agreement or the termination date of this Agreement (or longer if necessary to resolve any litigation, claims, financial management review, or audit findings). All payments made by County are subject to re-evaluation and refund or withholding of future payments conditioned on the results of the audit.
- 7.9. County Auditor to Make Final Decision. The decision of the County Auditor as to the amount owed shall be final if there is any dispute between County and Landscape Architect as to the amount owed to Landscape Architect for any monthly statement or invoice submitted by Landscape Architect. County agrees to notify Landscape Architect of any questionable item and is authorized to withhold payment until all questions are resolved either by final audit or by agreement of the Parties.

- 9.5 Termination Statement. As soon as practicable after receiving notice of termination, Landscape Architect must submit a statement or invoice to HCED that complies with the requirements in this Agreement. This statement or invoice must show in detail the unbilled/uninvoiced services performed for County under this Agreement to the date of termination. If the payments were to be made in lump sums and services were rendered after the last lump sum payment, the statement or invoice shall reflect the prorated amount due.
