Request Summary (Agenda Caption):

Request for approval to execute an amendment to an agreement with R.G. Miller Engineers, Inc. in the amount of \$131,537.06 for On-Call Professional Engineering and Architecture Services to study and design the construction of residential developments, UPIN 20035MF1JK01, Precinct 1.

Background and Discussion:

The Lake Houston project is located in NE Harris County on the SW portion of Lake Houston. The CSD Single Family New Construction Program in partnership with HCED is developing a 18.4 mixed-income subdivision that will yield up to 115 homes, with 59 new, affordable homes designated to serve families with a Low-to-Moderate Income (LMI). RGME has been procured to provide Architectural & Engineering Services for the development. A Third Amendment for the contract is being requested to provide and

Environmental Assessment.

Expected Impact:

This will allow the single-family new construction program Task Order 5 Lake Houston Development obtain an Environmental Assessment and approval from the General Land Office to provide funding for the project.

Alternative Options:

Without and Environmental Assessment for this development the General Land Office will not approve funding for this project and could potentially end the project.

Alignment with Goal(s):

- Justice and Safety
- Economic Opportunity
- Housing
- Public Health

- Transportation
- Flooding
- Environment

Governance and Customer Service **Prior Court Action (if any):**
