**Request Summary (Agenda Caption):**

Request for approval of amendment No. 2 to a contract with infraTECH Engineers & Innovators, LLC in the amount of \$200,000 for additional engineering and related services as may be needed to inspect, evaluate, and repair check valves and other services for the District’s mechanical/electrical program, Project ID Z100-00-00-X257, Agreement No. 2018-29, Countywide.

**Background and Discussion:**

Several check valves throughout the County have been identified as not being recognized by, and accepted into, the mechanical/electrical program. These check valves require inspection with respect to their current operating condition, and evaluation for any deficiencies that require correction, as they are accepted into the mechanical/electrical program for future maintenance.

**Expected Impact:**

Reports of check valves and other equipment that have been inspected and evaluated that provide appropriate information on condition and recommendations. Appropriate action may follow depending upon the recommendations.

**Alternative Options:**

No action will result in infrastructure not being recognized by the District and the infrastructure will not receive routine maintenance necessary for upkeep.
