**Request Summary (Agenda Caption):**

Request for approval to execute an Interlocal Agreement with East Aldine Management District to provide wastewater capacity in connection with project Harris County Single Family New Construction - TO6 - Connorvale Development, UPIN 21289MF1Z501, Precinct 2.

**Background and Discussion:**

In response to the destruction wrought by Hurricane Harvey that underscored critical shortages in Harris County’s inventory of affordable homes, Harris County’s Single-Family New Construction Program (SFNCP) matches individuals and families with opportunities to purchase new affordable homes in growing developments throughout the county. Approval to enter Interlocal Agreement will allow for the new single-family development of approximately 47 homes to have wastewater capacity in the High Meadows Wastewater Treatment Plant of the District’s reserved capacity.

**Expected Impact:**

Allow Harris County to match individuals and families with opportunities to purchase flood resilient homes in growing developments throughout the county.

**Alternative Options:**

No viable alternative options are available within the grant funding timelines due to the very tight grant funding critical path that remains.

**Alignment with Goal(s):**

- Justice and Safety
- Economic Opportunity
- Housing
- Public Health
- Transportation
- Flooding
- Environment
- Governance and Customer Service
