Request Summary (Agenda Caption):

Request for approval to execute an agreement with Traf-IQ, Inc. in the amount of \$102,741.40 for Professional Engineering Services to provide Intersection Improvements to Telge Road at US 290 - 2022, UPIN 23103MF2R101, Precinct 3, MWDBE Contracted Goal 20%, MWDBE Current Participation 100%.

Background and Discussion:

Telge Road is a 4-lane divided concrete boulevard that intersects the US 290 Frontage Road to the north and south. There is an existing dedicated southbound left turn lane, shared thru-left, and thru lane at the intersection. The existing intersection experiences significant congestion during morning and evening peak hours.

Expected Impact:

The project will address traffic volumes and improve the overall safety of the intersection.

Alternative Options:

The alternative is to leave the intersection as-is and continue to cause traffic congestion to the public.

Alignment with Goal(s):

- Justice and Safety
- Economic Opportunity
- Housing
- Public Health
- Transportation
- Flooding
- Environment
- Governance and Customer Service
