Type of Request: Contract - Award

Project ID (if applicable): UPIN 23101MF2S101

Vendor/Entity Legal Name (if applicable): Ally General Solutions, LLC

MWDBE Contracted Goal (if applicable): 20%

MWDBE Current Participation (if applicable): N/A

Justification for 0% MWDBE Participation Goal: N/A - Goal is not 0% and is listed above

Request Summary (Agenda Caption):

Request for approval to execute an agreement with Ally General Solutions, LLC in the amount of \$108,669.11 for Professional Engineering Services to improve a traffic signal at the intersection of Fairbanks North Houston Road at Battleoak Drive, UPIN 23101MF2S101, Precinct 1, MWDBE Contracted Goal: 20%.

Background and Discussion:

Traffic signals are re-built to improve the operation of an intersection and better facilitate pedestrian activities. The existing signal uses outdated and degrading equipment and does not accommodate pedestrian crossings. Re-building this signal will ensure the intersection is brought up to compliance with current standards and provide pedestrian connectivity.

Expected Impact:

Re-building the traffic signal will bring the infrastructure to current standards and specifications and reduce

overall maintenance cost. It will also significantly reduce the risk of failure during a catastrophic event.

Alternative Options:

To continue to maintain the existing traffic signal and slowly replace degrading parts as they fail. This may potentially be more costly and incurs a risk of failure due to aging infrastructure.

Alignment with Goal(s):

- Justice and Safety
- Economic Opportunity
- Housing
- Public Health
- Transportation
- Flooding
- Environment
- Governance and Customer Service
