Subject: COVID-19 PIC Fund Request
Project ID (If applicable):

Purpose and Request:
 Request by **Public Health Services** for approval of two months of operational funding from May 1, 2021 to June 30, 2021, for the COVID-19 response in the aggregate amount of \$18.7 million.

Background and Discussion:
 Harris County Public Health (HCPH) has been formally responding to the COVID-19 pandemic since March 2020. Among other services, HCPH is currently providing COVID-19 vaccinations, testing, and contact tracing.

Fiscal Impact:
 The funds are requested from the Public Improvement Contingency (PIC) fund. With the notable exception of contact tracing, all of the requested funding is potentially FEMA reimbursable. This means ~90% of our request is potentially FEMA reimbursable.
