Project ID (If applicable): Grant Application #O-NIJ-2021-95001

Purpose and Request:

Request by the Institute of Forensic Sciences for authorization to submit an application to the Department of Justice/National Institute of Justice for grant funds in the amount of \$26,552.00, with no required match, for the Research and Development in Forensic Science for Criminal Justice Purposes, FY 2021 Grant.

Background and Discussion:

The goal of this project is to propose corrections for uncertainties inherent to modern match statistic calculations used for evaluating DNA evidence.

Fiscal Impact:

This is a two (2) year research grant with a total project cost of \$26,552.00. The research project is 100% grant-funded with no cash match requirement.

Alternatives:

There are very few, if any, alternatives or other resources available for this type of research program. If HCIFS does not receive this award, the research would have to be funded by the general fund.

Alignment with Strategic Objective:

This project allows for scientific inquiry within the forensic community and provides our scientific experts the opportunity to expand their professional roles within the justice system.
