Request Summary (Agenda Caption):

Request for approval of a contract award to McDonough Engineering Corporation, in the amount of \$249,645, to provide design, bidding, and construction phase engineering services for the construction of the Baywood Stormwater Detention Basin at HCFCD Unit B513-02-00, Armand Bayou Watershed, Bond ID F-72, Project ID B513-02-00-E003, Agreement No. 2022-57, Precinct 2.

Background and Discussion:

This project scope consists of a 138-acre detention basin to provide flood damage reduction. The site was previously being used for excavation and removal.

Expected Impact:

The project will improve flooding conditions within the vicinity of the detention basin by almost 1 foot in some areas.

Alternative Options:

The alternative to this agreement being approved is that we will need to seek another consultant for the work to be performed, which will significantly delay this bond project.

Alignment with Goal(s):

- ☐ Justice and Safety
- ☐ Economic Opportunity
- ☐ Housing
- ☐ Public Health

- ☐ Transportation
- ☒ Flooding
- ☐ Environment

☐ Governance and Customer Service
