**Request Summary (Agenda Caption):**

Request for approval of an interlocal agreement with Harris County Municipal Utility District No. 290, for a partnership project for channel repairs along HCFCD Unit P130-02-00, Greens Bayou Watershed, Bond ID Z-02, Project ID P130-02-00-X018, Agreement No. 2022-37, Precincts 2 and 4.

**Background and Discussion:**

This project is located northeast Harris County, north of Beltway 8, along P130-02-00. Harris County Municipal Utility District No. 290 (HC MUD 290) desires to partner with HCFCD to design and construct repairs along P130-02-00. The repairs will consist of erosion and slope repair, sediment removal, and rip rap installation to protect detention basin weirs located along the channel. HC MUD 290 will design the project and HCFCD will publicly bid and manage the construction contract.

**Expected Impact:**

Maintenance of the channel will protect the integrity of the detention basin weirs and reduce risk of failure, which could result in an increase in flood damages.

**Alternative Options:**

No action will leave HC MUD 290 with a shortfall in funding, which is necessary to complete the repair project.
