Request Summary (Agenda Caption):

Request by Public Health Services for approval to accept an amendment to an agreement with the Texas Department of State Health Services increasing the budget by \$1,534,309 and extending the award to July 31, 2023 for the COVID Infectious Disease Control Unit (IDCU) Grant.

Background and Discussion:

The COVID/IDCU Grant supplements Public Health Services' ability to provide enhanced contact tracing, surveillance of mortality and morbidity and lab reporting in Harris County as it relates to COVID-19 response activities.

Expected Impact:

These additional funds will support activities that are not FEMA reimbursable and reduce Public Health's

reliance on current funding sources.

Alternative Options:

Due to the nature of the activities funded by this grant, the only viable alternative would be the use of Public Improvement Contingency (PIC) funding. As stated earlier, these activities are not all FEMA reimbursable.
