Request Summary (Agenda Caption):

Request for approval of a renewal option with Interstate Reprographics & Printing for document reproduction services and related items for Harris County through September 30, 2022 at a cost of \$198,500 (200152).

Background and Discussion:

Public Health engages in community outreach events for various initiatives and programs that require print media. During the COVID-19 Response, Public Health has increased its community activities, education, and messaging to the public that requires large volume print-related items - brochures, banners, pamphlets, QR codes, flyers, and related items.

Expected Impact:

As we continue community engagement, we will need document reproduction services to maintain presence and provide education to the public. Having a dedicated document reproduction service to provide high volume jobs and specialty items (banners, brochures, pamphlets) will allow Public Health to continue community engagement and education.

Alternative Options:

Reduce print media campaign or print items inhouse.
