Background and Discussion:

Construction of storm sewer piping, drainage, drainage structures, conveyance channels, detention ponds, grading, and roadway excavation in the Harris County Precinct 2 limits

Expected Impact:

Storm sewer piping, drainage, drainage structures, conveyance channels, detention ponds, grading, and roadway excavation will improve flooding conditions and enhance drainage capacity, thereby improving mobility and safety for all road users and flood resiliency for all adjacent properties. This purchase order will ensure that all construction materials used in the project are of acceptable quality as required by state law.
