Request Summary (Agenda Caption):

Request for approval of an excavation and removal agreement with Construction Sidekick LLC, in the amount of \$1,000, for construction of regional detention basin No. Q534-01-00. (Cedar Bayou Watershed, Bond ID C-45, Project ID Q534-01-00-E001, Agreement No. 2022-58, Precinct 2).

Background and Discussion:

This project will provide partial excavation for a future stormwater detention basin that is currently planned to have a footprint of approximately 216 acres and a storage volume of roughly 1,050 acre-feet. This project is located in the upper northeast portion of the Cedar Bayou watershed between 1960 and US 90.

Expected Impact:

This agreement will benefit the District because excavation and removal of material is the highest cost associated with detention basin construction.

Alternative Options:

No action will require the District to spend more funds to excavate the detention basin when the

project is ready to move to the next phase.

Alignment with Goal(s):

- Justice and Safety
- Economic Opportunity
- Housing
- Public Health
- Transportation
- Flooding
- Environment
- Governance and Customer Service
