Request Summary (Agenda Caption):

Request for approval to negotiate an interlocal agreement with the Galveston County Consolidated Drainage District to provide access to HCFCD Unit A100-00-00 for the purpose of removing downed trees and debris in the channel. (Clear Creek Watershed, Precinct 1).

Background and Discussion:

The Galveston County Consolidated Drainage District (GCCDD) and the District wish to enter into an interlocal agreement to allow GCCDD to access District property along Clear Creek from FM 1959 downstream approximately two miles to remove fallen trees and debris that create an obstruction to stormwater conveyance. No funding is required by the District for this agreement, GCCDD will utilize their own contractor to perform these services.

Expected Impact:

Approval of the agreement will allow GCCDD to remove potential channel blockages to help maintain stormwater flow through this portion of Clear Creek. The agreement allows the District to partner with GCCDD in this channel maintenance effort.

Alternative Options:

Includes not approving the agreement and using District staff and contractors to clear debris from this section of channel.

Alignment with Goal(s):

- Justice and Safety
- Economic Opportunity
- Housing
- Public Health
- Transportation
- Flooding
- Environment
- Governance and Customer Service
