Request Summary (Agenda Caption):

Request for approval to negotiate an interlocal agreement with the City of Jersey Village for partnership projects within HCFCD Unit E100-00-00 and its tributaries. (White Oak Bayou Watershed, Bond ID Z-02, Precinct 4).

Background and Discussion:

The District Bond Project Z-02 fund is for partnership projects with municipalities, authorities, and other districts within Harris County. The City of Jersey Village has several flood damage reduction or drainage improvement projects that have been planned. The City has agreed to a 50/50 level of participation on funding drainage-related items. The District and City plan to collaborate on several projects over the next few years.

Expected Impact:

This is a request to negotiate with the City of Jersey Village (JV) to develop a potential partnership for multiple projects. The proposed project(s) will provide flood damage reduction by constructing detention and drainage improvements within the city limits of JV. The District's participation is proposed to be for funding only. The design and construction will be handled by JV.

Alternative Options:

The alternative would be to not enter into this collaborative project which would delay the progress of the drainage improvement projects proposed by the City of Jersey Village.
