Request Summary (Agenda Caption):
Request for approval of an award on the basis of low bid to Earth Builders, LP in the amount of $4,564,799 for improvements of the stormwater detention basin (Phase II) at John Paul Landing Park for Precinct 3, subject to applicable bonds to be received (210351).

Background and Discussion:

This project is located within the John Paul Landing Park in Precinct 3. The park includes fish stocked lakes with safe and passive recreational areas. The scope of this project is to further develop the park to provide a 90 acre flood detention basin which is hydraulically connected to the existing man-made lake and Langham Creek. The North Basin Cell detention basin will provide approximately 650 acre-feet of detention volume.

Expected Impact:

The purpose of the project is to provide the required flood control volume and provides an opportunity for some natural and man-made amenities such as habitat creation, recreational trails, and educational

opportunities to the community.
