Request by the Flood Control District for approval to submit an application to the U.S. Department of Homeland Security for grant funds in the amount of \$22,555,500, with a required match of \$7,518,500, for the FY 2021 Sims Bayou Watershed Program.

**Background and Discussion:**

The Texas Division of Emergency Management, serving as Grantor for FEMA, invited the District to submit applications for grant funding in connection with the above referenced program. The grant, if awarded, will require a 25% local match and receive a 75% federal cost share.

**Expected Impact:**

This project will reduce the risk of flooding for residents, and therefore, shrink the regulatory floodplain while avoiding adverse impacts to Sims Bayou or to the natural environment.

**Alternative Options:**

The alternative to approving this item would be to fully fund the project using Flood Control District funds only.
