MWDBE Current Participation (if applicable): N/A

Justification for 0% MWDBE Participation Goal: N/A - project was awarded prior to launch of County's M/WBE Program

Request Summary (Agenda Caption):

Request for approval of a renewal option with The Urban Foresters for property boundary vegetation removal and pruning for the Flood Control District for the period of November 1, 2022 - October 31, 2023 at a cost of \$445,531, and for the County Clerk to execute any applicable bonds to be received (190257).

Background and Discussion:

Property Boundary Vegetation Removal and Pruning for the Harris County Flood Control District provides removal of vegetation growing along property boundaries and fence lines that exceed quantities and specification limits in the Full-Service Mowing contracts.

Expected Impact:

Vegetation growing along fence lines can become a nuisance for citizens that have property adjoining the

District’s. Mowing contractors are required to cut vegetation growing on property boundary lines but much of the work identified exceeds those contract quantities and the vegetation may be beyond the specification for mower removal.

Alternative Options:

An alternative option would be to eliminate the contract and have the services limited to in-house and full-service contract operational capacities.

Alignment with Goal(s):

- Justice and Safety
- Economic Opportunity
- Housing
- Public Health
- Transportation
- Flooding
- Environment
- Governance and Customer Service
