Request Summary (Agenda Caption):

Request for approval of an award on the basis of low bid to Texas Dewatering LLC in the amount of \$1,218,619 for Weir and Erosion Repairs along P130-02-00 (Williams Gully) for the Flood Control District, and for the County Clerk to execute any applicable bonds to be received (220192), MWDBE Current Participation: 26.82%.

Background and Discussion:) This project is located in northeast Harris County, north of Beltway 8, along P130-02-00. This is a partnership project with Harris County Municipal Utility District No. 290 to repair the channel adjacent to two weir structures. The partnership project has a cost share split of 50/50.

Expected Impact: Maintenance of the channel will protect the integrity of the weirs and reduce risk of failure, which could result in an increase of flood damages.

Alternative Options: No action will leave the weir structures vulnerable to complete failure and increase the cost of any potential repair project.

Alignment with Goal(s):

- ☐ Justice and Safety
- ☐ Economic Opportunity
- ☐ Housing
- ☐ Public Health
- ☐ Transportation
- ☒ Flooding
- ☐ Environment
- ☐ Governance and Customer Service
