**Request Summary (Agenda Caption):**

Request for approval to execute an agreement with RPS Infrastructure, Inc. in the amount of \$75,686.50 for Professional Engineering Services to provide Traffic Signal improvements to North Eldridge Parkway at Fetlock Drive, UPIN 23035MF2NK01, Precinct 3, MWDBE Contracted Goal 37.5%.

**Background and Discussion:**

A traffic study was conducted at North Eldridge Parkway at Fetlock Drive, which warranted a traffic signal at the intersection. The traffic signal will enhance safety as it relates to the intersection operations.

**Expected Impact:**

The installation of the new traffic signal will improve the operations and public safety of the intersection.

**Alternative Options:**

Intersections are evaluated in accordance with the 2011 Texas Manual on Uniform Control Devices (TMUTCD), which takes into consideration traffic volume, crashes, pedestrian activity, and roadway network. The intersection was evaluated and a traffic signal was warranted. One alternative option is to not install a traffic signal, which may not improve the public safety of the intersection.
