Background and Discussion:

As part of the development in the area, a traffic impact analysis was submitted and warranted a traffic signal at the intersection East Mossy Oaks Road at Spring Pine Forest Drive, to be constructed by the developer.

Expected Impact:

Approval of the service outlet location statement will allow CenterPoint Energy to provide electrical service to the traffic signal, which is needed to enhance the public safety and operation of the intersection of East Mossy

Oaks Road at Spring Pine Forest Drive.

Alternative Options:

All Traffic Signals require a power source, which is typically obtained through CenterPoint Energy.
