Request Summary (Agenda Caption):

Request by Community Services for approval of \$4,000,000 of American Rescue Plan Act (ARPA) Local Fiscal Recovery Funds to provide eviction defense legal services for low-income residents through targeted awards. These funds will support a network of housing legal service providers and non profits to meet increased demand.

Background and Discussion:

As the nation recovers from the COVID-19 pandemic, the United States and Harris County are facing an eviction crisis. Eviction filings in Harris County are above the pre-pandemic average: from January through July 2022, landlords filed 121,248 evictions; tenants were represented by an attorney in only 1.96% of those cases. In one week in August 2022 alone, Justice courts scheduled 1,865 eviction hearings. These figures do not include informal evictions, in which families self-evict before receiving a formal notice of a court setting.

In 2021, Harris County established the Housing Legal Services Initiative (“HLSI” or “the Initiative”), in response to an anticipated increase in number of evictions, especially for non-payment of rent due to household financial losses related to the COVID-19 pandemic and the lift of the National Center for Disease and Control (CDC) eviction moratorium, and to maximize the impact of the County’s COVID-19 rental assistance program.

The HLSI makes short-term, non-cash, in-kind emergency disaster relief in the form of consulting, referral, legal, and other related legal services directed to cure legal needs due to COVID-19 for qualifying applicants in Harris County, Texas. The total sum allocated to fund this Program is \$4,000,000. Applicants may apply for funding for an initial period of up two years.

Expected Impact:

This program aims to develop a sustainable infrastructure for court-based advice, counsel, and representation for tenants at imminent risk of eviction. It also aims to reduce increase of homelessness and housing instability during the COVID-19 public health crisis and recovery by representing tenants with evictions and preserving tenancies. It is expected to increase eviction prevention legal services for low-income renters across the county regardless of their immigration status, and increase knowledge through community education and outreach among Harris County tenants about their legal rights and responsibilities relating to their tenancies, including evictions and living conditions.

Alternative Options:

Not providing eviction defense legal services for low-income residents.

Alignment with Goal(s):

- ☐ Justice and Safety
- ☐ Economic Opportunity
- ☒ Housing
- ☐ Public Health
- ☐ Transportation
- ☐ Flooding
- ☐ Environment
- ☐ Governance and Customer Service
