Request Summary (Agenda Caption):

Request for approval to execute a Utility Agreement with Enterprise Crude Pipeline LLC to remove and/or abandon in-place two (2) abandoned liquid transmission lines that are in conflict with the Clay Road 4 from 1,000-feet West of Katy Hockley Cut Off Road to 4500-feet project, Precinct 4.

Background and Discussion:

The Clay Road 4 project is to widen Clay Road from existing 2-lane asphalt roadway to 4-lane asphalt roadway with raised median and a new storm sewer system.

There are two (2) abandoned pipelines owned by Enterprise Crude Pipeline LLC that are in direct conflict with the proposed widening for the project.

Expected Impact:

Approval of this agreement will allow Enterprise Crude Pipeline LLC to remove and/or abandon in-place their abandoned lines that are in direct conflict with Harris County's proposed roadway widening for the Clay Road 4 Project. This will allow the project to provide traffic relief and drainage improvements.

Alternative Options:

Alternative option includes choosing to disapprove of this agreement, which will have significant impact to the project's schedule and budget in order to reassess an alternative roadway drainage system.

- ☐ Economic Opportunity
- ☐ Housing
- ☐ Public Health
