MWDBE Contracted Goal (if applicable): N/A

MWDBE Current Participation (if applicable): N/A

Justification for 0% MWDBE Participation Goal: N/A - Goal not applicable to request

Request Summary (Agenda Caption):

Request for approval to negotiate with Infratech Engineers & Innovators LLC to provide professional engineering services in connection with design, survey, and rebuild of a traffic signal with pedestrian appurtenances at Antoine Drive and Breen Drive, UPIN 24035MF39K01, Precinct 1.

Background and Discussion:

Traffic signals are rebuilt to improve the operations of an intersection and better facilitate pedestrian activities. As such, the consultant will be tasked with the signal design of the intersection and an evaluation of left turn storage to improve operations. The consultant will be tasked with evaluating pedestrian accessibility through the provision of crosswalks and associated median nose opening adjustments required to facilitate pedestrian activities.

Expected Impact:

Designing and rebuilding the traffic signal at this intersection will improve operations and better facilitate

pedestrian activities.

Alternative Options:

An alternative is to not rebuild the signal at the intersection, which will not improve operations or offer pedestrian benefits.

Alignment with Goal(s):

- Justice and Safety
- Economic Opportunity
- Housing
- Public Health
- Transportation
- Flooding
- Environment
- Governance and Customer Service
