Request Summary (Agenda Caption):

Request for approval of a Study Report prepared by Asakura Robinson Company LLC. for the Park and Trail Analysis, UPIN 20102MF1FZ02, Precinct 2.

Background and Discussion:

In 2019, a Parks and Trails Analysis was conducted to evaluate current parks and trails systems throughout Precinct 2. The study provided recommendations on parks and trail improvements. Due to redistricting, Precinct 2 gained additional parks and trails that were not included as part of the 2019 analysis. Through this study update, the analysis included additional parks and trails, and a high-level assessment of trails near retention ponds.

Expected Impact:

With the approval of this study, Precinct 2 will have a clear strategy and prioritization for improvement for parks and trails throughout the Precinct.

Alternative Options:

Without approval of the analysis, the Precinct will lack the direction on the prioritization of park and trail improvements.

Alignment with Goal(s):

- Justice and Safety
- Economic Opportunity
- Housing
- Public Health
- Transportation
- Flooding
- Environment
- Governance and Customer Service
