Request Summary (Agenda Caption):

Request for approval of a Study Report prepared by Cobb, Fendley & Associates, Inc., for Pine Trails Subdivision Drainage Improvements - 2018, UPIN 19101MF14201, Precinct 2, Justification for 0% MWDBE Participation Goal: N/A - project was awarded prior to launch of County's M/WBE Program.

Background and Discussion:

Pine Trails Subdivision is in Northeast Harris County, Texas, Precinct 2 (redistricted from Precinct 1). The subdivision consists of approximately 525 acres and 1,800 homes. The residents have experienced structural flooding during several recent flood events. Approximately 264 homes were reported to have flooded during Hurricane Harvey. The purpose of this project is to reduce flood risk for homes. The proposed solution includes upgrading storm sewers and adding 3 detention ponds.

Expected Impact:

This project seeks to reduce flooding and strengthen resiliency in Harris County by assisting in the alleviation of structural flood damage to 264 homes in the community. This modification is a step in the process to reduce the financial, physical, and emotional burden flood damage places on homeowners and will reduce the financial impact of recovery costs to the Pine Trails subdivision homeowners, Harris County, and FEMA. No impact to project cost, schedule or staffing anticipated.

Alternative Options:

The County could elect to fund the requested task or choose to reject it. However, if not approved, the project may not be constructed as scoped.

Alignment with Goal(s):

- ☐ Justice and Safety
- ☐ Economic Opportunity
- ☐ Housing
- ☐ Public Health
- ☒ Transportation
- ☒ Flooding
- ☐ Environment
- ☐ Governance and Customer Service
