Request for approval of a Memorandum of Agreement with the U.S. Customs and Border Protection (CBP) Office of Field Operations (OFO) - Houston Seaport to establish a collaborative effort that allows for a more efficient tactical sharing of information in criminal investigations.

**Background and Discussion:**

The objective of this MOU is to establish a “whole of government” type collaborative effort between CBP, OFO, and Houston Seaport to allow for an easy/faster tactical sharing of information and to advance significant criminal investigations of interest in a more legally efficient and comprehensive manner.

**Expected Impact:**

Formalizing an affiliation would accomplish several goals, including:

1. Timely share finding of the criminal investigation, or enforcement actions on cases being supported by CBP, to close the intelligence cycle. This facilitates the identification of additional targets or leads and avoids duplicity of work.
2. To provide timely enforcement action results of the investigations being supported, for CBP to maintain metrics of the unit's impact on this assignment.

**Alternative Options:**

Commissioners Court could choose to not allow the Harris County Sheriff's Office to partner with CBP, OFO, and the Houston Seaport.
