Request Summary (Agenda Caption):

Request for approval of an award on the basis of low bid to Teledyne Instruments, Inc. in the amount of \$1,191,479 for wastewater surveillance equipment for Public Health Services (230490), Justification for 0% MWDBE Participation Goal: 0% - Drop Shipped.

Background and Discussion:

This request will allow for HCPH to purchase and install sampler equipment to collect wastewater samples from wastewater sites for the purpose of disease surveillance and testing for COVID-19 and other conditions.

Expected Impact:

Installing wastewater samplers enables wastewater surveillance to function as an early detection system for potential outbreaks or surges in communities. When paired with clinical case data, this approach provides public health officials with better insights to implement necessary strategies, improving public health intervention and mitigating the spread of disease.
