File #: 21-1709, **Version:** 1

To: Harris County Commissioners Court

Through: Russell A. Poppe, P.E., Executive Director, Harris County Flood Control District

Prepared By: Matthew K. Zeve, P.E., Deputy Executive Director, Harris County Flood Control District

Subject: ATN with Aviles Engineering Corporation

Project ID (If applicable): n/a

Purpose and Request:

Recommendation for authorization to negotiate an agreement for engineering services with Aviles Engineering Corporation to provide materials engineering and testing services in support of bond and capital improvement projects (County-wide).

Background and Discussion:

The purpose of this construction materials testing agreement is to provide support for smaller maintenance and capital improvement projects countywide. It allows the Flood Control District to work more efficiently to have an on-call resource as opposed to negotiating an agreement for every single project, even if the project is very small.

Fiscal Impact: There is no cost associated with this court item.

Alternatives:

The alternative would be to select another firm for this assignment which would result in a delay in having this resource available.

Alignment with Strategic Objective:

SO2.1 - Reducing flooding risks across Harris County by completing projects in the 2018 Harris County Flood Control District Bond Program by 2030.
