Request Summary (Agenda Caption):

Request for approval of funding in the amount of \$313,425 to increase the temporary staff head count to prepare for a return to non-appointment walk-up services at branches and to prepare for the upcoming seasonal influx of property tax customer interactions.

Background and Discussion:

We are forecasting a budget shortfall for this fiscal year due to temporary employee agency price increases, non-labor cost increases and a tight labor pool. We've seen our non-labor contract employee costs rise 6.7% year-over-year, which makes up approximately 30-37% of our non-labor budget. Our contract workers create the pipeline for quality candidates being hired, and keep the Tax Office operating efficiently and cost-effectively.

Expected Impact:

The approval of this item will allow us to meet the needs of our stakeholders, recapture previous levels of employee morale, reduce the backlog of transactions and help twice as many taxpayers avoid unneeded payment pitfalls. We are confident the funds will help us secure the workers and supplies needed to keep the Tax Office running efficiently as we push towards a strategic return to full-service mode. It will also help us properly manage the seasonal influx of customer visits, calls, emails and other service needs. In specificity, it will:

1. Provide an estimated transaction processing capability increase of 19,152 transactions a month,
2. Allow us to move closer to target transactional efficiency rating of 7.5, going from 5.33 to 5.96,
2. Facilitate the reduction of response times to customer inquiries 50%,
3. Allow us to initiate twice as many property tax advocacy contacts,
4. Allow the Tax Office to properly staff the branch that was closed due to Hurricane Harvey.
