Request Summary (Agenda Caption):

Transmittal by the Office of County Administration on the status of initiatives to reduce the criminal justice backlog in Harris County.

Background and Discussion:

Based on the recommendations made by Justice Administration department and the direction by Court on 6/29/2021, there were several initiatives to be further developed and for which the final budget and reporting was to be brought back to Court.

Expected Impact:

The overarching impact is expected to be greater efficiency in the functioning of the Criminal Justice System which includes a reduction in case backlog and average time to disposition of cases, as well as hopefully a lower number of individuals in jail awaiting hearing.

Alternative Options:

These are initiatives that tackle the problem of resolving the criminal backlog by adding resources across the different departments and agencies. The alternative of not investing in the criminal justice processing system may result in a prolonged backlog that will likely take longer to clear.

Alignment with Goal(s):

□ Justice and Safety
