Request Summary (Agenda Caption):

Request by Community Services for approval of a contract award to Justice for All Immigrants for legal services in support of the Immigrant Legal Services Fund (ILSF) for Harris County in the amount of \$1,084,673.90.

Background and Discussion:

On November 10, 2020, Harris County Community Services Department (CSD) received Commissioners Court approval to design and implement the Immigrant Legal Services Fund (ILSF) Program in Harris County. Commissioners Court allocated \$2,000,000 of Harris County General Funds for the one-year provision of deportation defense legal services, subject to a one-year extension. The services are to be provided by non-profit legal service providers (LSPs) with demonstrated experience in immigration law and removal defense. CSD designed the Program's guidelines and created a Request for Proposal (RFP) following Commissioners Court Order. CSD utilized Harris County Purchasing Department for the procurement process. Purchasing accepted proposals from non-profit immigration legal service providers to deliver direct legal representation to immigrant Harris County residents in detention or facing the threat of deportation.

In October 2021, the legal service providers were selected by an evaluation committee composed of representatives of each County Precinct, the County Judge's Office, several County agencies, as well as non-voting members comprised of community advocates and immigration law experts. Justice for all Immigrants (JFAI) was selected as one of the providers, along with BakerRipley, Kids in Need of Defense, Inc. (KIND), and Refugee and Immigrant Center for Education and Legal Services, Inc. (RAICES). The selected LSPs will provide direct legal representation to eligible clients. Indigent individuals unrepresented by legal counsel and facing deportation who are residents of Harris County may qualify for services under the Program. The Contract's term will be one year, subject to a one-year extension. JFAI, along with subcontractors, YMCA of Greater Houston, and Galveston-Houston Immigrant Representation Project, will provide free holistic legal representation to immigrants detained in immigration detention facilities and facing the threat of deportation in Harris County.

Expected Impact:

The approval of this item will allow for direct legal services needed for the operation of the Immigrant Legal Services Fund Program housed in Harris County Community Services Department. This Program seeks to reduce unnecessary deportations and empower vulnerable communities in Harris County by providing direct legal representation to indigent Harris County adults, children, or families in detention or facing the threat of deportation. Harris County seeks to protect the rights of its immigrant community members because they are vital to our community and local economy. Providing fair representation in immigration proceedings is the single most effective way to ensure that due process for all Harris County residents is safeguarded, and that immigrant families who have a legal right to remain in the country are not separated. Every year, thousands of detained families and individuals are forced to represent themselves in immigration court because they cannot afford legal representation. This results in the deportation of many Harris County residents who have a valid claim to remain in the country. The Immigration Legal Services Fund Program will help keep families together, will help keep communities stable, and will help our economy grow.

JFAI provides holistic representation to individuals and families detained or facing deportation. This Contract is expected to provide direct representation to at least 135 to 240 Harris County residents who are detained or facing deportation within its first year of funding.
