Request Summary (Agenda Caption):

Request for approval for Harris County Flood Control District, a political subdivision of the State of Texas to convey real estate to the County of Harris for tracts A & B, a 10.788-acre tract of land, collectively as two tracts for the Treaschwig Rd A (Phase 1)-from 1,000 ft west of Aldine Westfield Rd to west of Cypress Creek project and that the County Judge execute the Special Warranty Deed, UPIN 14104MF08X01, Precinct 3.

Background and Discussion:

In 2020 the Flood Control District conveyed 10.1 acres to Harris County out of a previously acquired 56.1 acres. The parcels were intended to support the construction of the Treaschwig Rd A detention basin and a future parking lot and small trail head. The original detention basin layout for Treaschwig Rd A changed due to ATLAS-14 rainfall data as well as an increased requirement for floodplain fill mitigation. The change in the basin footprint resulted in a need for additional property beyond what was originally conveyed from the Flood Control District to Harris County. This additional 10.8 acres allows Harris County to construct the 11.2-acre detention basin, store material during construction, and reserve space for future Cypress Creek Greenway amenities.

Expected Impact:

This conveyance of the property will allow the detention pond and the road project to be constructed.

Alternative Options:

If no action is taken, Harris County will not be able to construct the detention pond or the road project.
